Dear Madam,

Your letter regarding the 1794 half cent received and note what you say. The price is due to the superior condition the coin is in. The Standard catalogue lists them in good condition at \$7.50 to \$12.50 and such a coin would be no comparison to the coin quoted. The 1794 quoted is the variety with thick planchet in extremely fine condition with a beautiful surface and the cost is very close to what we are asking for it. When cents and half cents come in such fine condition the price advances accordingly as they are difficult to get.

We appreciate your inquiry and hope we have made it clear.

Yours very truly,

Hollencamp, Charles, Mrs.
